

APPLIED TECHNOLOGY TROPHY 2026

Overview

The AGRITECHNICA Asia Applied Technology Trophy recognizes commercially available agricultural technologies that demonstrate clear relevance, adaptability, and practical value for Asian farming systems. Organized by DLG, the trophy highlights solutions with strong practical relevance for farmers and agribusinesses across Southeast and East Asia.

Who Can Apply

All confirmed exhibitors of AGRITECHNICA ASIA 2026 are eligible to participate. Joint submissions are permitted. Participation is voluntary and free of charge.

Eligible Innovation Areas

Trophy Categories

How to Apply
