AGRITECHNICA ASIA

Startup Participation at AGRIFUTURE ZONE

17 - 19 MARCH 2027
SECC
HO CHI MINH CITY
VIETNAM

About AGRIFUTURE Zone

AGRIFUTURE Zone is the innovation heart of AGRITECHNICA ASIA 2027 — designed to showcase smart, scalable, and sustainable technologies for small to mid-sized farms across Southeast Asia. With live tech demos, startup showcases, youth dialogues, and interactive experiences, it draws next-generation farmers, agtech leaders, and decision-makers.

Focus Sectors

- Smart Farming / IoT
- Precision Agriculture
- AI or Robotics for Small-Scale Farms
- Agri-Drones & Sensor Technologies
- Climate-Smart or Water-Saving Irrigation
- Vertical Farming / Post-Harvest Innovations
- Digital Platforms (Market Linkage, Advisory, etc.)
- Bio-Based Inputs (e.g., Organic Fertilizers)

Participation Criteria
